**On-Campus Groups**

Room rental fees typically do not apply to on-campus departments or offices for official CSM business, nor to recognized student organizations, provided that at least 50% of attendees are CSM community members.

Starting in FY14, all room charges include a \$25 fee for basic equipment setup. Basic setup includes laptop, projector, and use of house sound.

**Personnel and Equipment Fees**

On- or off- campus groups may be charged for services provided by lighting, sound or A/V technicians, building monitors, janitors, ushers, or security personnel. Rates for these services range from \$13 to \$35/hour depending on personnel and services provided.

Any additional charges for equipment beyond the basic equipment setup will be specified at the time of the reservation.

**Premium Event Rates**

Certain events are considered premium events and require special consideration for determining rate increases. Such additional charges may be necessary for events such as weddings/receptions, complex, political, or high-profile events. Reasons for increased charges include but are not limited to additional staffing needs, heightened security, third party vendors, significant media presence, parking requirements, custodial/maintenance requirements, impact on the academic schedule or mission of the university, and/or other unforeseen circumstances.

**Definitions: Mandatory Fees**

All degree seeking students enrolled in 4 or more credit hours during the fall and/or spring semester shall pay all mandatory student fees. Degree seeking students enrolled in Summer Session I or Summer Session II shall pay the fees specified regardless of the credit hours for which they are enrolled. CSM students attending colleges outside the United States and non-degree students attending part-time will be assessed the Technology Fee only.

During the fall and/or spring semesters, degree seeking students taking less than 4 credit hours are not required to pay student fees, except for the Technology Fee. All students including non-degree, high school, CSM employees, and community college students enrolled in one or more hours shall pay the Technology Fee. Any such student, however, wishing to take part in student activities and receive student privileges may do so by paying full mandatory fees. Mandatory fees are as follows:

The Health Services fee entitles students to use the facility and the services it provides. A portion of the fees is also used to retire the bond indebtedness for the Wellness Center.

The Associated Students fee assists in funding school events such as Homecoming, E-Days, Friday Afternoon Club, Mines Activity Council activities and Intramural sports. Additionally, the fee subsidizes Student Organizations and campus publications including the Oredigger and the Prospector. The Associated Students of Colorado School of Mines (ASCSM) administers the fee.

The Athletic fee entitles students to use the athletic facilities during normal operating hours and includes entrance to all sports events.

The Technology fee funds the provision of state-of-the art instructional technology; campus and internet network access, dial-in-services, software licensing and service support, and appropriate access to resources required to meet academic program needs.

The Student Services fee helps defer some of the costs for the operation of the Department of Student Life, the Student Center, Student Activities, Student Development, and Academic Services, Career Planning and Placement, Minority Engineering Program, and the Outdoor Recreation Center. A portion is also used to retire the bond indebtedness of the Auxiliary facilities.

The Recreation Center Fee assists in the repayment of the bond indebtedness towards the newly constructed recreational facility. It will also help offset equipment costs for informal recreational activities as well as commencement ceremonies, career day activities and other student life sponsored events. The fee will entitle students unlimited use of the facility during normal business hours.

The Intermodal Transportation Fee funds initiatives that include but are not limited to the RTD College Pass, a local Golden/CSM Circulator Bus, and other transit demand management issues determined by ASCSM Student Council. Beginning in the 2007-2008 year, the fee will be used to provide all CSM students with a RTD College Pass (good for all RTD buses, light rail and SkyRide).

The Academic Construction Building Fee funds the construction of an academic building that will be used primarily for general classroom instruction and teaching laboratories. A portion of the fee will also be used to for classroom and laboratory improvement and maintenance.

**Summer Session I and Summer Session II**

Academic summer sessions may at times require fees be assessed to enrolled students. These special fees may include, but are not limited to, the following:

Room and board fees for off-campus lodging,  
Travel expenses,  
Class material/tools,  
Costs of external laboratory analysis.

The cost of these services vary from year to year and the academic department makes decisions regarding summer session structure subsequent to the deadlines outlined in the Board of Trustees approved Institutional Plan for Student Fees and Other Charges. The Board shall approve such special summer session fees in principle, subject to the review and approval of the President prior to student assessment.

**Colorado School of Mines  
Tuition and Fees Refund Policy**

The amount of tuition and fee assessments is based primarily on each student's enrolled courses. In the event a student withdraws from a course or courses, assessments will be adjusted as follows:

If the withdrawal is made prior to the end of the add/drop period for the term of enrollment, as determined by the Registrar, tuition and fees will be adjusted to the new course level without penalty.

If the withdrawal from a course or courses is made after the add/drop period, and the student does not officially withdraw from the School, no adjustments in charges will be made.

If the withdrawal from courses is made after the add/drop period, and the student withdraws from School, tuition and fee assessments will be reduced according to the following schedule:

- Within 7 calendar days following the end of the add/drop period, 60 percent reduction in charges.
- Within the next following 7 calendar days, a 40 percent reduction in charges.
- Within the next following 7 calendar days, a 20 percent reduction in charges.
- After that period, no reduction of charges will be made.

To comply with federal regulations surrounding student financial aid programs, the Director of Financial Aid may modify this schedule in individual circumstances.

The schedule above applies to the Fall and Spring semesters. The time periods for the Summer Sessions I and II will be adjusted in proportion to the reduced number of days in these semesters.
