

Proposal#:

Title:

Area of Interest: -

**Signatures:**

**Date:**

**BY SIGNING BELOW, THIS INDIVIDUAL CERTIFIES THAT:**

\_\_\_\_\_  
Principal Investigator

The work can be performed as stated in the technical section of the proposal with the resources, facilities and funds as mentioned, and the PI has completed the reverse side of this form.

**I affirm that no graduate student thesis or completion of a degree will be promised to any sponsor as a deliverable for this project.**

\_\_\_\_\_  
Department Head

The work proposed is technically sound and can be performed with space, utilities and resources currently available on campus. (If anything is missing that is needed to make the above mentioned research work, please state below what is required. Give adequate detail.)

\_\_\_\_\_  
Department Head

\_\_\_\_\_  
Department Head

\_\_\_\_\_  
Department Head

\_\_\_\_\_  
Center Director

The proposed research fits within the mission of this center. Any overhead recovery resulting from the project will be used to further that mission.

\_\_\_\_\_  
Representative of Research Administration

The proposal has been reviewed for format, budget, & meeting any special requirements as stated in an RFP or program guidelines. The terms & conditions as proposed, & the budget, fulfill all financial requirements for audit purposes. Also, a determination has been made as to whether the Colorado School of Mines has engaged in any lobbying activity at the federal level in support of this request. Appropriate disclosures have been completed.

\_\_\_\_\_  
Director of Research Administration

The proposed research is accepted by the Colorado School of Mines as work that can be performed within the university. If cost sharing is shown on the budget, it has been reviewed by this office and is acceptable as stated.
