College of Earth Resource Sciences and Engineering (CERSE)
Division of Economics and Business
Assistant or Associate Faculty Position

Colorado School of Mines Division of Economics and Business invites applications for a new tenured/tenure-track faculty position at the assistant or associate level in its Engineering and Technology Management Program (http://etm.mines.edu).

The Division of Economics and Business offers four degrees: MS degree in Engineering Technology Management; MS and PhD degrees in Mineral and Energy Economics; and a BS degree in Economics. The unique nature of these degrees attracts students who are highly motivated and internationally diverse. Current faculty in the Division have Ph.D. degrees in economics, industrial engineering, and business, and publish in a variety of top-tier journals.

Colorado School of Mines is located in the city of Golden at the foothills of the Rocky Mountains. The metropolitan Denver area, with its cultural and sports activities, is located a few miles to the east and Denver International Airport, with non-stop service to Europe and Asia, is 35 miles from campus. Colorado is well known for its quality of life and outdoor lifestyle. The climate is continental, with warm summers and occasional snow in the winter. For more information visit us at: www.mines.edu.

Responsibilities: Teaching responsibilities for this position are primarily in the business/data analytics areas or entrepreneurship/management areas.

Mines is an Equal Opportunity/Affirmative Action employer and educator that recognizes that diversity is crucial to its pursuit of excellence in learning and research. Mines is committed to developing student, faculty, and staff populations with differing perspectives, backgrounds, talents, and needs and to creating a richer mix of ideas, energizing and enlightening debates, deeper commitments, and a host of educational, research, and service outcomes. As such, Mines values candidates who have experience working in settings with individuals from diverse backgrounds. Minorities, women, veterans, and persons with disabilities are strongly encouraged to apply.

Qualifications: Applicants should have: 1) evidence of or the potential for distinguished scholarship in one or more of the following areas: management science, decision sciences, engineering management, industrial engineering, supply chain management, or entrepreneurship; 2) teaching ability at both the undergraduate and graduate levels; 3) the ability to supervise graduate students; and 4) a Ph.D. degree by August 2016. Applicants must demonstrate, or show evidence of, excellent written, oral communication and interpersonal skills.

Compensation: Salary and benefits will be commensurate with qualifications and experience. Mines provides an attractive benefits package including fully paid health and dental insurance. Part of Mines’ mission is to create a family-friendly environment supported through our dependent tuition benefits, parental leave benefits, and dependent care assistance plan, as well as in special events, camps, and programming. For more information visit: http://family.mines.edu/

How to Apply: Applicants must submit a letter of application, current vita, and names and contact information for three professional references to: Colorado School of Mines, Human Resources Office, Search 16-111130, 1500 Illinois Street, Golden, CO 80401, Fax: (303) 384-2025.

Electronic applications are encouraged and will be accepted at fsearch@mines.edu. If using this method of application, please put the search number as indicated above (in bold) in the subject line to ensure that your materials are properly forwarded to the search committee.

Employment with Mines is contingent upon the satisfactory completion of a background investigation.
