# Biostatistics – Colorado School of Public Health

Fayette Augillard - Education Coordinator (e-mail: fayette.augillard@ucdenver.edu) 13001 E. 17th PI Aurora CO 80045 Phone 303-724-4442 Fax 303-724-4476 Web: http://publichealth.ucdenver.edu

Work Authorization: U.S. Citizen, Permanent Resident, F1Visa

#### **Brief Description:**

The University of Colorado Denver offers Masters and PhD in Biostatistics and PhD in Epidemiology at the new Anschutz Medical Campus in Aurora. These graduate programs provide excellent career opportunities that allow students and graduates to use mathematics and statistics in biological and health care research. Common backgrounds include mathematics, chemistry and biology. The Biostatistics group includes specialties in longitudinal analysis, statistical genetics and genomics, clinical trials, immunology/infectious diseases/HIV/AIDS, and cancer research. The Epidemiology group specializes in the study of chronic diseases, particularly diabetes, cancer, cardiovascular diseases, obesity, with specific expertise in genetic and life course epidemiology.

GOODRICH

Work Authorization: U.S. Citizen

#### **Brief Description:**

Goodrich Corporation, a Fortune 500 Company, is a global supplier of systems and services to aircraft and engine manufacturers, airlines and defense forces around the world. From aerostructures and actuation systems to landing gear, engine control systems, sensors and safety systems, Goodrich products are on almost every aircraft. The Goodrich Aircraft Wheels and Brakes division designs, manufactures, tests and provides aftermarket service for aircraft wheel and braking systems on over 200 programs. Our technology features both using hydraulic and electric actuated brakes using steel or carbon friction material. In conjunction with our service-proven brakes, our wheels are designed to deliver excellent life. Innovative breakthroughs in brakes include DURACARB® carbon friction material, EDL® extended life configurations, and electro-mechanical braking technology and systems integration. With over 60 years' experience and more than 20,000 aircraft equipped with our wheels and brakes, airlines and aircraft manufacturers worldwide look to Goodrich Aircraft Wheels and Brakes' objective is to partner with our customers to "be the best" by offering a cost-effective, sustainable product to compete in this challenging aerospace market.

STANEK Constructors, Inc.

Work Authorization: U.S. Citizen, Permanent Resident

#### **Brief Description:**

Stanek Constructors, founded in 1997, embraces the philosophy that the commitment to every owner concerning "Safety, Quality, Schedule, and Budget" will establish Stanek Constructors as the preferred contractor. The Company feels that training and education in safety, quality, schedule, and budget on every job site is the key to achieving our goals. Some of the work that Stanek Constructors self performs is: concrete forming, placing and finishing, millwright work, complete mechanical, earthwork, and other specialties. Stanek builds water and wastewater treatment plants and associated facilities for both public and private clients. Stanek Constructors believes in "Performance through Teamwork". We trust that allowing each employee to contribute their knowledge and skills will lead to successful projects and long term employees. Stanek Constructors understands the difficulty presented when balancing career and personal life and believes the development of both creates good citizens and strong communities in which we work and live. In 2006, Stanek opened an office in Escondido, California to provide our services to clients in southern California. This creates opportunities in both California and Colorado. Our growth strategy is to establish long term local presence in the areas Stanek has slated for expansion. Learn, grow and build your career with Stanek Constructors.

#### **Brief Description:**

Our name reflects our core value — excellence in energy products and services. We are dedicated to providing you the best in service, value and information to enhance your professional and personal life. We are committed to customer satisfaction by continuously improving our operations to be a low-cost, reliable, environmentally sound energy provider. As a leading combination electricity and natural gas energy company, we offer a comprehensive portfolio of energyrelated. We have regulated operations in 8 Western and Midwestern states and own more than 34,500 miles of natural gas pipelines. We are proud of our community involvement. Our environmental policy states that Xcel Energy will be valued as a leader in the energy industry by demonstrating excellence in environmental performance. The most recent National Renewable Energy Lab's ranking of green pricing programs ranked our Windsource® and Renewable Energy Trust first in number of customers and fifth in energy sales out of over 500 U.S. utilities. Our key environmental commitment includes improving air quality, conserving resources, harnessing renewable energy, and protecting wildlife and habitats. At Xcel Energy we offer a competitive total rewards program including lucrative compensation, health benefits, 401k, retirement, pension, paid time off, tuition reimbursement and leadership training and development.
