Graduation Requirements

All requirements for graduation must have been met before a student may participate or “walk” in the commencement ceremony. There are no exceptions. Students who are unsure whether they have fulfilled all requirements should contact the Registrar’s office or the Graduate Studies office, as appropriate.

HONORS - BACCALAUREATE

A baccalaureate student’s cumulative GPA at the time of graduation determines the honors he or she will receive. Final honors designations are determined once final grades have been awarded for the term of graduation. The final honors designation appears on the official transcript, and is inscribed on the metal diploma. Honors designations will also appear on the parchment diploma. Colorado School of Mines awards the designations of Cum Laude, Magna Cum Laude, and Summa Cum Laude upon graduation. The designations are based on the student’s cumulative GPA as follows:

- 2.000—3.499 = No honors printed on diploma
- 3.500—3.699 = Cum Laude (with honors)
- 3.700—3.899 = Magna Cum Laude (with high honors)
- 3.900—4.000 = Summa Cum Laude (with highest honors)

Honor cords are available through the Registrar’s Office. Commencement ceremony awards (honor cord colors & honors listed in the program) are determined by the student’s cumulative academic record at the end of the preceding semester. There are no exceptions to this rule.
