The CSM WRITING CENTER offers free writing and communication assistance to all members of the Mines community. We assist with any stage of the writing process and with any kind of writing project, from abstracts to theses to reports. All of the Writing Center faculty members are professional writing consultants with many years of tutoring experience, and several have degrees in English as a Second Language. The Writing Center works to foster independence in writers, to enable them to learn how to learn to write more effectively.

To make an appointment, please visit http://mines.mywconline.com. Register for an account using an email address, and then you will be able to see available appointment times, and to make, change, or cancel an appointment. The writing center is located in Stratton Hall 306.

The Writing Center also provides several other services especially for International Students. Nearly every week during the semester, we present a workshop on a specific writing issue, such as planning a dissertation or clearing up comma confusion. Watch for flyers and emails throughout the year advertising these workshops. Additionally, we hold a weekly English Conversation Group designed to foster oral communication skills and to facilitate comfort and ease with English language interactions. Meeting times and locations for this casual forum will be announced soon after the beginning of the semester.
