WELCOME TO THE MINES STUDENT HEALTH INSURANCE PROGRAM (MINES SHIP)

July 1, 2014

Dear Students and Parents,

The Colorado School of Mines is pleased to offer a student health insurance program that is designed to provide quality student coverage and program value. This program provides worldwide coverage for injury and sickness, on- or off-campus.

The Student Health Insurance Program, *Mines SHIP*, is comprised of a fully insured Student Injury and Sickness Insurance Plan, underwritten by UnitedHealthcare Insurance Company, designed especially for Mines students, and a self-funded component for local, extended outpatient mental health and basic dental care through the Dental Clinic at the Colorado School of Mines.

Please read this brochure to discover the value and quality of benefits that the Mines SHIP offers. Mines uses a “hard waiver”, which means you have to show proof of comparable coverage in order to waive. Review your current health plan to determine if it “**measures up**” to the requirements listed on page 7. The Preferred Provider Network for this plan is the United HealthCare Choice Plus network, giving you access to one of the largest network of providers and hospitals worldwide.

All students eligible for the 2014–15 *Mines SHIP* must complete the enrollment/waiver process at the start of their enrollment at Mines, and annually thereafter. The annual premium of the *Mines SHIP* for the 2014-15 policy year is \$1888 - \$944 for Fall and \$944 for Spring. The coverage period for fall semester is August 13, 2014, to January 6, 2015, and the coverage period for spring / summer is January 7, 2015 to August 18, 2015.

Highlights of the program include:

- ✓ No Preferred Provider Deductibles or exclusions for pre-existing conditions.
- ✓ 90% coverage of Preferred Provider Preferred Allowance except as noted.
- ✓ Separate policy for student participants in Intercollegiate Sports at no additional cost.
- ✓ Basic dental benefits provided by the Mines Dental Clinic, with low co-pays.
- ✓ Expanded, local outpatient mental health care, with \$15 co-pay per visit.
- ✓ Prescription drug benefits through UnitedHealthcare Pharmacy.
- ✓ On-campus assistance for eligibility and program information by Mines Student Health Benefits Office staff who are knowledgeable about Mines students.
- ✓ \$1,500 Out-of-Pocket Maximum Per Insured Person Per Policy Year.
- ✓ Emergency travel assistance through FrontierMedex.
- ✓ Unlimited lifetime Benefit Per Insured Per Policy Year

Enclosed you'll find information on eligibility criteria, enrollment/waiver procedures, and benefits. More detail can be found on the *Mines SHIP* website: <http://studentinsurance.mines.edu>. In order to make the most of your coverage, and to be sure that you are aware of deadlines, policies, and procedures that affect you, please review the information found in this brochure and online carefully.

Please feel free to contact our office with any questions. We look forward to serving you!

Mines Health Insurance Requirement

Unless otherwise specified in this brochure, the following students must, as a condition of enrollment, regardless of the semester in which enrollment begins, have health insurance that meets or exceeds Mines' coverage requirements (Please see "Does Your Plan Measure Up on page 7.):

1. All degree-seeking U.S. citizen and permanent resident students, and
2. All international students regardless of degree-seeking status.

J-1 visa non-degree students will have coverage periods the same as any other student. International students will not be allowed to waive out of the SHIP unless proof of purchase of a group plan, with a claims office in the U.S., that meets the waiver criteria or have a pre-approved embassy, government or US employer sponsored plan as determined by the Student Health Insurance Program. Travel insurance is not acceptable.

ELIGIBILITY

All eligible students must meet the following requirements:

1. Students must be enrolled in the SHIP prior to the enrollment/waiver deadline, Census Day. Students who waive coverage for the fall semester will not be allowed to change this decision for the spring/summer coverage periods except as specifically allowed for Qualified Late Enrollees (refer to voluntary SHIP Classes page 9.) Requests for changing a SHIP waiver will not be considered after the enrollment/waiver deadline.
2. Students must regularly attend scheduled classes for the first 31 days of each coverage period unless the student has an approved medical withdrawal from Mines (page 12).

3. The student has not been enrolled in the SHIP for more than nine years while in a single degree program.
4. Students are required to establish that they are pursuing a degree and making successful progress toward degree completion. For graduate degree students, two consecutive occurrences of unsatisfactory progress indication and/ or dismissal from a graduate degree program will result in termination of coverage at the end of the current coverage period.
5. All Mines intercollegiate athletes are required to meet both the Mines insurance requirement and the NCAA catastrophic coverage requirement. Intercollegiate athletes may petition to waive participation in the SHIP by submitting documentation of coverage that fulfills both requirements. (See page 11.)

INELIGIBLE

The following students are not eligible to enroll in the SHIP:

- Non-degree U.S. Citizens and Permanent Residents, regardless of the number of credit hours, and
- Non-degree, concurrently enrolled J-1 visa students when another higher education institution holds the Visa documentation.

TERMINATION

Coverage terminates the day prior to the start of the spring semester for Covered Students who:

- Graduate in December,
- Withdraw from the University after the fall Census Day,
- Are academically suspended after the fall Census Day, or
- Otherwise, lose eligibility as described in this document or the Master Policy.

Coverage terminates the day prior to the start of the fall semester for Covered Students who:

- Graduate in May, Summer I or Summer II,
- Withdraw from the University after the spring Census Day,
- Are academically suspended after spring Census Day, or
- Otherwise, lose eligibility as described in this document or the Master Policy.

**DOES YOUR HEALTH PLAN
“MEASURE UP?”
WAIVER CRITERIA**

If your plan does not meet these criteria, you will be enrolled in the SHIP or required to purchase a plan that does meet these standards:

- has a maximum benefit of at least \$2,000,000 (with no yearly or per condition maximum benefit that would reduce coverage);
- includes participating health care providers in the Denver metro area for both emergency and non-emergency health care services;
- includes prescription drug benefits;
- provides at least 20 outpatient visits for mental health care services and provides at least 30 days of inpatient mental health care services (including emergency psychiatric admissions);
- coverage is in effect on the first day of classes without any waiting period or preexisting condition; exclusion and will remain in effect for the 2014-15 academic year;
- has a deductible of \$5000 or less; and
- has coverage while traveling abroad (if current plan does not have this coverage, students must purchase additional travel insurance).

Upon a student’s bona fide request and submission of appropriate documentation, the School may grant a waiver of the insurance requirement based on the student’s sincerely held religious belief, which prevents the student from buying or having health insurance. All waiver requests must be in writing and will be reviewed by the Student Health Insurance Program Coordinator.

Sanctions by Mines may be imposed if students are found to have intentionally falsified an official Mines required document.

****Students must have a valid and active Mines email address in order to enroll in or submit a waiver petition for the Student Health Insurance Program.****

Annual Online Enrollment/Waiver Process – September 3, 2014 deadline!

Accounts of all eligible new students are charged for coverage at the start of the semester, and the student must have the waiver request APPROVED by the deadline to have the charges removed.

Enrolling Your Dependents in SHIP

Students wanting to enroll a spouse, domestic partner, or child(ren) in the SHIP must visit the Student Health Benefits office to complete an enrollment form and have the additional cost of coverage added to their tuition/fee billing. Eligible dependents may only be enrolled during the annual open enrollment period and must complete a new enrollment form annually. Continued annual dependent coverage is neither automatic nor guaranteed. This form must be completed by Mines' Census Day.

Late Waivers

Petitions for waiving SHIP coverage after the deadlines stated here will be considered on an individual basis. If granted, SHIP waiver petitions after the enrollment/waiver deadline will be subject to a \$125 late waiver fee for requests submitted prior to October 4, 2015 (February 23, 2015 for Spring, May 19, 2015 for Summer I and graduate research, and July 1, 2015 for Summer II). Late fees are not appealable.

Waiver Petition Denial Appeals Process

The School of Mines reserves the right to audit all waiver petitions, and may reverse a previously granted waiver. A waiver will be denied when a student does not provide documentation of current coverage that meets Mines requirements. Appeals process [Formal]:

- Level 1 Appeal - SHIP Appeals Committee comprised of faculty and students.
- Level 2 Appeal - Plan Administrator

Refund information can be found on page 11.

COBRA and Extension of Eligibility/Benefits

The Student Health Insurance Program is not subject to the extension of eligibility provisions required under Consolidated Omnibus Budget Reconciliation Act of 1986 (COBRA).

NOTICES

The SHIP provided by Mines complies with the standards for student health insurance/benefit programs recommended by the American College Health Association, www.acha.org.

The Colorado School of Mines complies with the Health Insurance Portability and Accountability Act of 1996. Privacy policies for the Student Health and Wellness Center and may be obtained by visiting either facility or at the following websites: healthcenter.mines.edu or counseling.mines.edu.

Annual Open Enrollment

The SHIP is an annual program. The cost of coverage for the fall semester will appear on the student's bill at the start of the fall semester; the cost of coverage for spring/summer will appear on the student's bill at the start of the spring semester. Students who waive enrollment in the SHIP are not eligible for enrollment until the next annual open enrollment period, except for provisions established for Qualified Late Enrollees. For example, a student who waives enrollment in the SHIP for the fall semester is not eligible to enroll in the subsequent spring/summer coverage period. Note that students who are covered by the SHIP for the spring semester automatically have coverage through the summer, including students who are graduating in May. Students who enroll in the SHIP for the fall semester may discontinue purchasing the SHIP for the spring semester if they have acquired other group health insurance coverage that meets Mines' insurance requirements. Students (other than NCAA athletes) may withdraw from the SHIP during any coverage period if they acquire other group health insurance, but no refunds are provided. Pro-rated refunds are provided only if the student enters into the armed services. See Effective and Termination Dates on page 11.

Voluntary SHIP Eligibility Classes

Spouses, domestic partners, and children of SHIP-Covered students are also eligible for participation in the SHIP. Eligible dependents are the spouse (except in the event of divorce or annulment), domestic partner, and children younger than 26 years of age. Pro-rated costs are available for newly acquired dependents only.

Approved Medical Withdrawal/Leave of Absence
Please see page 11.

Qualified Late Enrollees

An eligible student will only be allowed to enroll in the SHIP after the applicable enrollment/waiver period if proof is furnished that the student became involuntarily ineligible for coverage under another group's insurance plan during the 30 days immediately preceding the date of the request for late enrollment in the SHIP. In such cases, the student's effective date of coverage under the SHIP will be the first day of the month in which the student involuntarily loses coverage. The 30-day period in the provision may be extended if the student can establish that he or she was unaware of the involuntary loss of coverage.

Unqualified Late Enrollees

Unqualified Late Enrollees cannot purchase SHIP dependent coverage until the next Annual Open Enrollment Period. Situations that would result in a student being viewed as an Unqualified Late Enrollee are: a student is found to have misrepresented his or her plan coverage on the waiver form; a student loses coverage and seeks enrollment in the plan more than 30 days after the loss of his/her previous plan; or a student wishes to enroll in the SHIP without a qualifying event (see above).

If the Company discovers the Eligibility requirements have not been met, its only obligation is to refund premium.

Eligible students who do enroll may also insure their Dependents. Eligible Dependents are the student's spouse (husband or wife) or Domestic Partner and dependent children under 26 years of age. See the Definitions section of the Brochure for the specific requirements needed to meet Domestic Partner eligibility.

Dependent Eligibility expires concurrently with that of the Insured student.

Intercollegiate Sports Coverage

Accident coverage for Intercollegiate Sports injuries is provided under a separate policy number 2014-4059-8. Contact the school for information on the Intercollegiate Sports plan. Plan information is also available at www.uhcsr.com/csm.

Approved Medical Leave of Absence

Students who are taking an approved medical leave of absence from CSM, granted by the Associate Dean of Students for undergraduate students and the Associate Provost for Graduate Studies for graduate students, may request enrollment in the CSM policy in effect for two academic semesters, provided they were enrolled in the CSM policy in effect for the period of coverage immediately preceding the period of absence.

Effective and Termination Dates

The Master Policy on file at the school becomes effective at 12:01 a.m., August 13, 2014. The individual student's coverage becomes effective on the first day of the period for which premium is paid or the date the enrollment form and full premium are received by the Company (or its authorized representative), whichever is later. The Master Policy terminates at 11:59 p.m., August 18, 2014. Coverage terminates on that date or at the end of the period through which premium is paid, whichever is earlier. Dependent coverage will not be effective prior to that of the Insured student or extend beyond that of the Insured student.

Refunds of premiums are allowed only upon entry into the armed forces. The Policy is a Non-Renewable One Year Term Policy.

Extension of Benefits After Termination

The coverage provided under the Policy ceases on the Termination Date. However, if an Insured is Hospital Confined on the Termination Date from a covered Injury or Sickness for which benefits were paid before the Termination Date, Covered Medical Expenses for such Injury or Sickness will continue to be paid as long as the condition continues but not to exceed 90 days after the termination date.

The total payments made in respect of the Insured for such condition both before and after the Termination

Date will never exceed the Maximum Benefit.

After this “Extension of Benefits” provision has been exhausted, all benefits cease to exist, and under no circumstances will further payments be made.

Pre-Admission Notification

UnitedHealthcare should be notified of all Hospital Confinements prior to admission.

1. PRE-NOTIFICATION OF MEDICAL NON-EMERGENCY HOSPITALIZATIONS: The patient, Physician or Hospital should telephone 1-877-295-0720 at least five working days prior to the planned admission.

Important: Failure to follow the notification procedures will not affect benefits otherwise payable under the policy; however, pre-notification is not a guarantee that benefits will be paid.

Notice Of Appeal Rights

Right to Internal Appeal

Standard Internal Appeal

The Insured Person has the right to request an Internal Appeal if the Insured Person disagrees with the Company's denial, in whole or in part, of a claim or request for benefits. The Insured Person, or the Insured Person's Designated Representative, must submit a written request for an Internal Appeal within 180 days of receiving a notice of the Company's Adverse Determination. In order to secure an Internal Review after the receipt of the notification of a benefit denied due to a contractual exclusion, the Insured Person must be able to provide evidence from a medical professional that there is a reasonable medical basis that the policy exclusion does not apply to the denied benefit.

The written Internal Appeal request should include:

1. A statement specifically requesting an Internal Appeal of the decision;
2. The Insured Person's Name and ID number (from the ID card);
3. The date(s) of service;
4. The Provider's name;
5. The reason the claim should be reconsidered; and
6. Any written comments, documents, records,

or other material relevant to the claim.

Please contact the Customer Service Department at 800-767-0700 with any questions regarding the Internal Appeal process. The written request for an Internal Appeal should be sent to: UnitedHealthcare **Student**Resources, PO Box 809025, Dallas, TX 75380-9025.

Expedited Internal Appeal

For Urgent Care Requests, an Insured Person or a Designated Representative may submit a request, either orally or in writing, for an Expedited Internal Appeal (EIR) of an Adverse Determination:

1. involving Urgent Care Requests; and
2. related to a concurrent review Urgent Care Request involving an admission, availability of care, continued stay or health care service for an Insured Person who has received emergency services, but has not been discharged from a facility.

All necessary information, including the Company's decision, shall be transmitted to the Insured Person or a Designated Representative via telephone, facsimile or the most expeditious method available. The Insured Person or the Designated Representative shall be notified of the EIR decision no more than seventy-two (72) hours after the Company's receipt of the EIR request.

If the EIR request is related to a concurrent review Urgent Care Request, benefits for the service will continue until the Insured Person has been notified of the final determination.

At the same time an Insured Person or a Designated Representative files an EIR request, the Insured Person or the Designated Representative may file:

1. An Expedited External Review (EER) request if the Insured Person has a medical condition where the timeframe for completion of an EIR would seriously jeopardize the life or health of the Insured Person or would jeopardize the Insured Person's ability to regain maximum function; or
2. An Expedited Experimental or Investigational Treatment External Review (EEIER) request if the

Adverse Determination involves a denial of coverage based on the determination that the recommended or requested service or treatment is experimental or investigational and the Insured Person's treating Physician certifies in writing that the recommended or requested service or treatment would be significantly less effective if not promptly initiated.

To request an Expedited Internal Appeal, please contact Claims Appeals at 888-315-0447. The written request for an Expedited Internal Appeal should be sent to: Claims Appeals, UnitedHealthcare StudentResources, PO Box 809025, Dallas, TX 75380-9025.

Right to External Independent Review

After exhausting the Company's Internal Appeal process, the Insured Person, or the Insured Person's Designated Representative, has the right to request an External Independent Review when the service or treatment in question:

1. Is a Covered Medical Expense under the Policy; and
2. Is not covered because it does not meet the Company's requirements for Medical Necessity, appropriateness, health care setting, level of care, or effectiveness, or the treatment is determined to be experimental or investigational.

Standard External Review

A Standard External Review request must be submitted in writing within 4 months of receiving a notice of the Company's Adverse Determination or Final Adverse Determination

Expedited External Review

An Expedited External Review request may be submitted either orally or in writing when:

1. The Insured Person or the Insured Person's Designated Representative has received an Adverse Determination, and
 - a. The Insured Person, or the Insured Person's Designated Representative, has submitted a request for an Expedited Internal Appeal; and

- b. Adverse Determination involves a medical condition for which the time frame for completing an Expedited Internal Review would seriously jeopardize the life or health of the Insured Person or jeopardize the Insured Person's ability to regain maximum function; or

2. The Insured Person or the Insured Person's Designated Representative has received a Final Adverse Determination, and

- a. The Insured Person has a medical condition for which the time frame for completing a Standard External Review would seriously jeopardize the life or health of the Insured Person or jeopardize the Insured Person's ability to regain maximum function; or
- b. The Final Adverse Determination involves an admission, availability of care, continued stay, or health care service for which the Insured Person received emergency services, but has not been discharged from a facility.

The Insured Person or Insured Person's Designated Representative's request for an Expedited External Review must include a Physician's Certification that the Insured Person's medical condition meets the above criteria.

An EER may not be provided for retrospective Adverse Determinations or Final Adverse Determinations.
