### DEFINITIONS

FRESHMAN COHORT – FIRST-TIME, FULL TIME (12 CREDITS) NEW FRESHMEN TRANSFER COHORT – FIRST-TIME, FULL TIME (12 CREDITS) NEW TRANSFER

A <u>persistence rate</u> is the percentage of students in a given cohort who are enrolled at Colorado School of Mines in a specified term or are not enrolled in the specified term but have graduated from CSM between matriculation and that term. The number of students in the cohort is the denominator of the rate; the number of students enrolled or who have graduated but not enrolled one year later is the numerator of the rate.

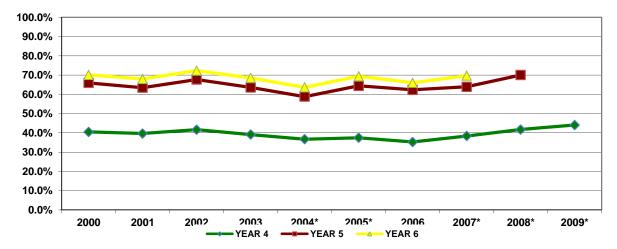

A <u>graduation rate</u> is the percentage of students in a given cohort who have graduated within a specified period of time. The number of students in the cohort is the denominator of the rate; the number of students who graduated is the numerator of the rate.

Once a student is in the cohort, they remain in the cohort, even if they switch to part-time or drop out. However, adjustments can be made to the initial cohort for exclusions, which include the death of a student, permanent disability, military deployment, or an official church mission.
