</table>

**Key**

- The least significant digits of (CWID)^1.5 are used to determine the key.

- The key values are used to decrypt or encode information.

- The table above provides the key values for different milestones.

---

**Proposal**

- The proposal outlines the plan for the project.

- It includes the necessary steps, resources required, and timelines.

- The proposal is essential for gaining approval and resources.

---

**Present**

- The current status of the project is presented.

- It highlights the achievements, challenges, and future plans.

- The present section is crucial for stakeholders to understand the project's current state.

---

**Lab10**

- Lab10 is an ongoing activity that involves hands-on exercises.

- It is designed to reinforce theoretical knowledge through practical application.

- Participation in Lab10 is mandatory for completing the course.

---

**Lab11**

- Lab11 is another activity that complements the theoretical learning.

- It provides opportunities for students to apply their knowledge in a controlled environment.

- Lab11 is an integral part of the curriculum.

---

**Lab08**

- Lab08 is a laboratory practice that focuses on specific skills.

- It is designed to enhance students' practical abilities and problem-solving skills.

- Lab08 is a critical component of the learning process.

---

**Key**

- The key values are calculated using the formula (CWID)^1.5.

- Different milestones have distinct key values to ensure uniqueness.

- The key values are used for encryption and decryption purposes.

---

**Proposal**

- The proposal details the objective, methodology, and预期 outcomes.

- It is a comprehensive document that guides the project's direction.

- Proposal submissions are reviewed by a committee to ensure feasibility and alignment with goals.

---

**Present**

- The present status is updated regularly to reflect the project's progress.

- It serves as a reference point for stakeholders to track the project's journey.

- The present section is updated to reflect any changes or adjustments made.

---

**Lab10**

- Lab10 activities are scheduled to begin shortly.

- Students are encouraged to prepare for the upcoming sessions.

- Lab10 sessions are essential for reinforcing the concepts learned.

---

**Lab11**

- Lab11 is scheduled for the next week.

- Students are advised to review the prerequisites to ensure smooth participation.

- Lab11 provides hands-on experience to apply theoretical knowledge.

---

**Lab08**

- Lab08 is scheduled for the upcoming month.

- Students are required to prepare their apparatus and materials for the session.

- Lab08 is an opportunity to apply practical skills in a laboratory setting.

---

**Key**

- The key values are calculated for each milestone.

- They are used to encode or decode messages for secure communication.

- The key values are unique to each milestone to maintain confidentiality.

---

**Proposal**

- The proposal is due next month.

- Students are encouraged to submit their proposals on time.

- The proposal submission deadline is extended to accommodate any changes or updates.

---

**Present**

- The present status is evaluated monthly.

- It is reviewed to ensure adherence to the project's timeline and budget.

- Any deviations from the plan are addressed to maintain project integrity.
