

Catalyzing Innovation in PV Manufacturing

NSF Workshop Participant List

Participant	Affiliation	Position/Department
Prof. Sumit Agarwal	Colorado School of Mines	Chemical Engineering
Prof. Eray Aydil	University of Minnesota	Chemical Engineering & Materials Science
Prof. Jason Baxter	Drexel University	Chemical & Biological Engineering
Prof. Joe Beach	Colorado School of Mines	Physics
Dr. Markus Beck	First Solar	Chief Technologist
Dr. Lucie Bednarova	GM	Scientist, Global Energy Systems
Dr. John Benner	NREL	Principal Group Manager, PV Partnerships
Dr. Kris Bertness	NIST	Acting Group Leader, Optoelectronic Manufacturing
Dr. Carol Bessel	NSF	Program Manager
Prof. Sue Carter	University of California Santa Cruz	Physics
Prof. Reuben Collins	Colorado School of Mines	Physics
Prof. Robert Collins	University of Toledo	Director, Wright Center for PV Innovation
Dr. Bob Conner	Semprius	VP, Photovoltaics
Prof. Vikram Dalal	Iowa State University	Electrical Engineering
Dr. Chandan Das	Delaware	Institute on Energy Conversion
Dr. Tom Fanning	Ampulse	Director, Technology
Prof. Chris Ferekides	University of South Florida	Electrical Engineering
Dr. Vasilis Fthenakis	Columbia University	Director, Center for Life Cycle Analysis
Dr. Andrew Gabor	1366 Technologies	Senior Technologist
Dr. David Ginley	NREL	Research Fellow
Dr. Peter Hacke	NREL	Senior Scientist, Reliability Group

Dr. Sean Halloran	PrimeStar Solar	Controls Engineering Manager
Prof. Hugh Hillhouse	Purdue University	Chemical Engineering
Dr. Stephen Hogan	Spire Solar, Inc.	Executive Vice President
Dr. Stephanie Hooker	NIST	Chief, Materials Reliability Division
Dr. Hongfei Jia	Toyota Research Institute	Sr. Scientist, Materials
Dr. Juanita Kurtin	SpectraWatt	Director of R&D
Dr. Darin Laird	Plextronics	Director of OPV Technology
Dr. Gang Li	Solarmer	VP of Engineering
Dr. Brian Murphy	Fulcrum Technologies	President & CEO
Dr. Anders Olson	Abound Solar	Senior Vice President of Research and Development
Prof. Won Park	University of Colorado	Electrical Engineering
Dr. Denis Phares	Ti-Sol	Co-Founder
Dr. Ryne Raffaele	NREL	Director, National Center for Photovoltaics
Dr. Ingrid Repins	NREL	CIGS Team Leader
Prof. Ryan Richards	CSM	Chemistry
Prof. Angus Rockett	University of Illinois	Materials Science & Engineering
Dr. Greg Rorrer	NSF	Program Manager
Prof. Sean Shaheen	Denver University	Physics
Dr. KK Singh	AMAT	Scientist, New Technologies Group
Prof. Jim Sites	Colorado State University	Physics
Dr. Tom Smerdon	CU Technology Transfer Office	VP of Process Development
Dr. Martha Symko-Davies	NREL	Incubator Program Manager
Dr. Kevin Tabor	G24i	Director of Science & Research
Prof. Arnold Tamayo	Colorado School of Mines	Chemistry
Prof. P. Craig Taylor	Colorado School of Mines	Physics
Dr. Are Torvik	Novus Energy Partners	LCOE Modeling
Dr. John Torvik	Novus Energy Partners	Partner
Dr. Harin Ullal	NREL	Program Manager

Dr. Emmanuel Van Kerschaver	Solexel	Senior Director, Next Generation High Efficiency Cells
Ms. Kaitlyn Van Sant	NREL	Technical Monitor
Dr. Will Vaughn	Colorado School of Mines	Director of Technology Transfer
Dr. Grace Wang	NSF	Program Manager
Prof. Kim Williams	Colorado School of Mines	Chemistry
Prof. Colin Wolden	Colorado School of Mines	Chemical Engineering
Dr. Ren Xu	Maxford Technology	CTO
Prof. Yang Yang	UCLA	Materials Science & Engineering
Dr. Eitan Zeira	Konarka	VP of Process Development
