Career Fair Safety Tips

Potential Safety Hazards

• Each semester at Career Fair there is at least one student, employee, or recruiter that passes out, some years there have been a couple more.

• Due to the large number of people concentrated in one place, there are many people to people collisions.

• Because of the influx of people to campus the parking lots and streets of campus are busier than normal.
Safety Tips for Career Fair

- Make sure to stay hydrated and eat throughout the day.
- If you are feeling lightheaded, leave the fair and find a place to sit down.
- Be aware of your surroundings!
- Wear attire that is professional AND comfortable.
- If you see a student who needs medical attention, find a volunteer and they will alert medical staff.
