Colorado School of Mines invites applications for multiple part-time positions as an adjunct instructor in the Department of Electrical Engineering and Computer Science (EECS) to teach a junior level class in the area of Information Systems and Science, and a sophomore level class on Electrical Circuits. We are also looking for instructors for our sophomore level classes on C++, Java and Data Structures.

Primary responsibilities include
- Teaching, grading and holding office hours for EENG 310 (Information Systems and Science) required for Electrical Engineers
- Teaching, grading and holding office hours for EENG 281 (Introduction to Electrical Circuits) required for Mechanical Engineering majors.
- Teaching, grading and holding office hours for CSCI 261, an introductory class on C++ programming taken by a variety of majors across campus.
- Teaching, grading and holding office hours for CSCI 261 Java, an introductory class on Java programming taken by Geophysics majors.
- Teaching, grading and holding office hours for CSCI 262, a sophomore level class on Data Structures, taken by Computer Science Majors.

Candidates should have a Bachelor’s degree or higher in Electrical Engineering, Computer Science, or closely related fields. Professional and/or academic experience and accomplishments are preferred. We are looking for a superb teacher who inspires students. Applicants must demonstrate, or show evidence of, excellent written, oral communication and interpersonal skills. We expect candidates to commit their time for an entire semester from January 13th 2016 – May 16th 2016.

Located in Golden, in the foothills of the Rockies, 13 miles west of Denver, Mines educates 5,400 students in undergraduate and graduate degree programs in engineering and science.

Compensation: Based on qualifications
Interested applicants should send a letter of interest and CV to: Vibhuti Dave, vDave@mines.edu

Mines is an EEO/AA employer and is committed to enhancing the diversity of its campus community. Women, minorities, veterans, and individuals with disabilities are encouraged to apply.

Employment with Mines is contingent upon the satisfactory completion of a background investigation.
