The Program Evaluator Report is required for each program being evaluated. It is completed by the Program Evaluator prior to and during the visit and left with the Team Chair. Some technical societies require their evaluators to submit additional information. It is the responsibility of the evaluator to determine and meet this requirement.

The completed Program Evaluator Report consists of the following:

- Program Audit Form (E61B)
- Program Evaluator Worksheet (E62)
- The E74 Report Form, which includes
  - Basic Information Sheet
  - Curriculum Analysis
  - Transcript Analysis
  - Recommended Accreditation Action
  - Exit Statement

For a General Review Visit, complete all forms listed above and submit them to the Team Chair at the conclusion of the visit.

For an Interim Visit, the curriculum analysis and/or the transcript analysis may not be relevant. Complete those tables only if they are relevant to the identified shortcomings.

Complete the Curriculum Analysis Form, the Transcript Analysis Form, and the first column of the Program Evaluator Worksheet before the visit. Submit a copy to the Team Chair at the first meeting of the team. Modify the forms during the visit as required.

The Program Evaluator Worksheet, Program Audit Form, Recommended Accreditation Action, and Proposed Statement to the Institution are of particular importance. Together, these form a basis from which the Team Chair will draft the Statement to the Institution. A copy of the Program Audit Form is to be left with the institution. Please, pay close attention to the instructions on these forms.

CURRICULUM ANALYSIS

Institution ___________________________ Program ___________________________

PLEASE COMPLETE TWO DRAFT COPIES OF THIS WORKSHEET PRIOR TO YOUR ARRIVAL AT THE INSTITUTION AND PROVIDE ONE COPY OF THE CURRICULUM ANALYSIS TO YOUR TEAM CHAIR AT THE START OF THE VISIT. INCLUDE A COPY IN YOUR REPORT, REVISED AS NECESSARY TO REFLECT YOUR ANALYSIS OF ACTUAL COURSE CONTENT DURING THE VISIT.

**NGR**

This action indicates that the program has no Deficiencies or Weaknesses. This action is taken only after a Comprehensive General Review and has a typical duration of six years.

**RE**

This action indicates that satisfactory remedial action has been taken by the institution with respect to Weaknesses identified in the prior IR action. This action is taken only after an IR review. This action extends accreditation to the next General Review and has a typical duration of either two or four years.

**VE**

This action indicates that satisfactory remedial action has been taken by the institution with respect to Weaknesses identified in the prior IV action. This action is taken only after an IV review. This action extends accreditation to the next General Review and has a typical duration of either two or four years.

**SE**

This action indicates that satisfactory remedial action has been taken by the institution with respect to all Deficiencies and Weaknesses identified in the prior SC action. This action is taken only after either a SCR or SCV review. This action typically extends accreditation to the next General Review and has a typical duration of either two or four years.

**IR**

This action indicates that the program has no Deficiencies but has one or more Weaknesses. The Weaknesses are such that a progress report will be required to evaluate the remedial actions taken by the institution. This action has a typical duration of two years.

**IV**

This action indicates that the program has no Deficiencies but has one or more Weaknesses. The Weaknesses are such that an on-site review will be required to evaluate the remedial actions taken by the institution. This action has a typical duration of two years.

**SCR**

This action indicates that a currently accredited program has one or more Deficiencies. The Deficiencies are such that a progress report will be required to evaluate the remedial actions taken by the institution. This action has a typical duration of two years. This action cannot follow a previous SC action for the same Deficiency(s).

**SCV**

This action indicates that a currently accredited program has one or more Deficiencies. The Deficiencies are such that an on-site review will be required to evaluate the remedial actions taken by the institution. This action has a typical duration of two years. This action cannot follow a previous SC action for the same Deficiency(s).

**NA**

This action indicates that the program has Deficiencies such that the program is not in compliance with the applicable criteria. This action is usually taken only after a SCR or SCV review, or the review of a previously unaccredited program. Accreditation is not extended as a result of this action.

If this is a new program, indicate the date at which accreditation is to begin. Normally accreditation applies to all students who graduated after October 1 of the year preceding the on-site review (see section II.G.7 of the Accreditation Policy and Procedures Manual)
EXIT STATEMENT TO THE INSTITUTION

INSTRUCTIONS (NOT to be read at exit meeting)

This statement should include the Program Evaluator’s findings relative to the applicable General Criteria, Program Criteria, and Accreditation Policy and Procedure Manual (APPM). The general format for the statement should be as follows: 1) General Description of the Program, 2) Strengths, 3) Shortcomings and 4) Observations.

The General Description of the Program normally includes information about the program’s administrative location at the institution, its enrollment and faculty size, and number of recent graduates. The General Description normally also includes information on the launch date of the program and the date of its initial graduates.

Each program strength should have three components: a) the observed facts that represent the strength, b) what makes it stand out above the norm, and c) what positive effect it has on the program.

The Shortcomings sections should be in order of 1) Deficiencies, 2) Weaknesses and 3) Concerns, and a section should exist only if one or more Criteria or APPM elements have that type of shortcoming. Include all shortcomings for one Criterion under the most stringent shortcoming. For example, if a program has a Weakness and a Concern in Criterion 2, then include the descriptions for both the Weakness and the Concern in the Weaknesses section, identified as Criterion 2. In describing specific deficiencies, weaknesses, or concerns, use the exact language from the criteria where possible.

Please ensure that any shortcoming relates directly to the Criteria or APPM. Each shortcoming should have three components: a) the applicable part of the criterion, using the exact language from the Criteria or APPM where possible, b) the observed facts that are inconsistent or potentially inconsistent with the stated criterion or APPM element, and c) the negative impact on the program of the inconsistencies or potential inconsistencies. It is essential that all deficiencies and/or weaknesses identified on the Program Audit Form, which could lead to an action different than NGR, be discussed in this statement exactly as they are discussed in the Program Audit Form.

In past years, shortcomings that were common to all of the programs that were evaluated were called “institutional shortcomings”. We no longer have institutional shortcomings or use that terminology. To save time during the Exit Meeting, the Team Chair may read the citations for any of shortcomings common to all of the programs that were evaluated, first explaining that they were common to all programs. However, the shortcoming will be cited in each program section in the Draft and Final Statements as applicable.

Observations do not relate to findings relative to the Criteria or APPM. They may include suggestions based on the Program Evaluator’s experience, and are provided in the interest of general program improvement. They must not appear prescriptive, and have no consequence relative to accreditation if ignored by the institution.
PROGRAM EXIT STATEMENT

(TO BE READ AT EXIT MEETING – DO NOT LEAVE A COPY WITH THE INSTITUTION)
