

## SUMMER REGISTRATION REQUIREMENTS

Unlike fall & spring registration, which is required, summer registration is optional unless a student is in a category that requires registration.

STUDENT SITUATION	REGISTRATION REQUIREMENT
<b>STUDENTS GRADUATING in AUGUST:</b>	
● Who plan to check-out early (check-out by May deadline)	<b>Do Not need to register for summer</b> , unless continuing on with another degree and using campus resources for that degree in the summer.* Students working on research in the summer should register for research credits in summer II.
● Who plan to meet the standard check-out deadlines	<b>Must register for summer.</b> Students working on research in the summer should register for research credits in summer II.
<b>STUDENTS GRADUATING in DECEMBER:</b>	
● Who plan to check-out early (check-out by September deadline)	<b>Must register for summer.</b> Typically thesis students register for research credits in summer II. Unless the student is on a summer RA contract, student is only required to register for 1 credit.
● Who plan to meet the standard check-out deadlines	<b>Do Not need to register for summer</b> , unless using campus resources in the summer*. Students working on research in the summer should register for research credits in summer II.
<b>STUDENTS on a SUMMER RA CONTACT:</b>	<b>Must register for 3 credits of research in summer II (no exception to this rule).</b> Since 1 credit in the summer cost exactly the same as 4 credits, students may register for the required 3 credits of research + an additional credit of the students choice at no extra cost.
<b>STUDENTS on a SUMMER TA or HOURLY CONTACT:</b>	<b>Do Not need to register for summer</b> , unless using campus resources in the summer*. Students working on research in the summer should register for research credits in summer II.
<b>STUDENTS NOT on a SUMMER RA CONTRACT &amp; NOT GRADUATING (see above for details) :</b>	<b>Do Not need to register for summer</b> , unless using campus resources in the summer*. Students working on research in the summer should register for research credits in summer II.

### ADDITIONAL INFORMATION

* <b>Campus Resources:</b> Any student using campus resources in the summer MUST register for summer credits.	Examples of campus resources (other examples may apply) include working: <ul style="list-style-type: none"> <li>● in a campus lab</li> <li>● with an advisor or committee members (research, thesis content, defending)</li> <li>● with other students (on research)</li> <li>● with CSM staff (formatting thesis, checking out)</li> </ul>
<b>Summer II Research Registration</b>	Although summer II does not begin until mid-summer, research registration covers the student's registration requirement for the entire summer.
