## Fall 2012 New Student Applications and Students Not Coming Summary

The following is a departmental summary of reasons why students applied or declined their admission to CSM for the Fall 2012 semester.

Some students provided the names of other institutions they would be attending instead of CSM. Whenever possible the institution names are provided with the number of students who indicated that particular institution within each given department. Not all students gave the other institution where they would be attending.

The Enrollment Form asks students to comment on different topics related to their experiences during the admissions process. Students were asked to rate their interactions with the Graduate Office, Departments, and On-line application throughout the admissions process, on a scale of 1-10 with 10 being high.

### Overall Summary

<b>CSM Graduate School as a Whole</b>	<b>Totals</b>	<b>Percents</b>	<b>Universities Attending Instead of CSM</b>
Total Number of Applications	2187		
Total Number of Acceptances	896	41.0%	
Total Number of New Registered	402	44.9%	
Total Number of Students Who Declined Admissions	471	52.6%	
<b>Reasons</b>			
No Reason Given	235	49.9%	
Job-Related (i.e. job change)	18	3.8%	
Personal &/or Health Reasons	28	5.9%
